Talk

Don't be afraid to use big words with your child. Help them connect that the word big means the same thing as humongous, enormous, and gigantic.

Read

Show your child the cover of books and ask them to guess what the book is about before you read with them.

Play

Give your child empty boxes to play with. Ask them to use their imagination to figure out what the boxes can become, or even what might be hiding in the boxes.

Sing

Have a dance party with your child. The rhythms of the songs will naturally encourage your child to move their arms and legs which develops their gross motor skills.

Write

Use a red crayon or marker and make a list of all the red things that you see with your child. Do the same thing with other colors.
